

**The award winning Mira Moon
Hotel is the first story line
hotel within The Mira Hotel
Collection exceptionally
located in Causeway Bay.**

A unique 89-room hotel, lending inspiration from the Mid-Autumn Festival, it presents a contemporary abstract interpretation of Chinese tradition in modern Hong Kong. The welcoming environment introduces tech-friendly features that embrace innovation and creativity, with individual and highly personalized details.

The interior design takes as its starting point the moon festival fairy-tale, a legend in Chinese mythology about the moon goddess of immortality.

The characters from the story are represented throughout the spaces, and references to traditional Chinese culture are expressed through modern furnishings with unique Chinese fabrics and prints, peony flower wall details, tailored carpets, digitally composed Bisazza tile graphic and a 'lucky charm' feature wall in the lobby.

Mira Moon features eighty-seven stylish guestrooms, a striking Junior Suite and a luxurious Penthouse Suite.
