

Concept Profile

Mira Moon, conceived under the creative direction of Wanders & yoo, is the latest designer boutique hotel within the Mira Hotel Collection. Exceptionally located in Causeway Bay, within walking distance to Times Square and the Hong Kong Convention and Exhibition Centre. A unique 89-room hotel, it presents a playful reinterpretation of Chinese tradition in contemporary Hong Kong.

Modern tech-friendly features, include 32 – 48" HD LED IPTV, portable Wi-Fi On The Go and free Wi-Fi, provide a creative environment and bring about a relaxing atmosphere with highly personalized details.

Design

The interior design for the property takes its starting point from the Moon Festival fairy-tale, a legend in Chinese mythology about the Moon Goddess of Immortality. Updating this tale to suit a contemporary setting, the characters from the story are represented throughout the hotel. References to traditional Chinese culture are expressed through modern furnishings with unique Chinese fabrics and prints, tailored carpets, digitally composed Bisazza peony mosaics and a 'lucky charm' feature wall art in the arrival hall.

Inspiration for the interior was also taken from traditional Chinese craftsmanship. Ceramics, carved timber and cut crystal are used throughout, creating a cultural mix which is made relevant today with a warm color palette of black, white, dark brown, red and gold.
